What we do?

OnCities aims to inspire, empower, engage, and support urban stakeholders to accelerate action-oriented sustainable development through informed decision-making and good policies.

We focus on **advancing knowledge** about the *local world*, as well as informing, developing, and disseminating **new narratives** for inclusive, gender and age-responsive urban development.

Our work

- Policy Brief for Think20 Saudi Arabia: *Impact of The Covid-19 Pandemic on Migrant Workers in The Informal Sector and Spin-off Effects in Their Destination and Home Countries*

A person is shown in silhouette, looking through a telescope. The background is a city skyline at sunset, with the sun low on the horizon, casting a warm, golden glow over the scene. The sky is filled with soft, orange and yellow clouds. The overall mood is one of hope and looking forward.

Thank you!
