

Notes Day 7

Session name: Strategies to increase your reach, functions and impact

Trainer name: Emily Gustafsson-Wright

Aim: expand strategic mindset for impacting policy and practice

What is the problem you are trying to solve? How to engage in a consultative process?

- Surveys
- Roundtables
- Advisory group
- Crowdfund through social media
- Real-time scaling labs
- Create communities of practice

Think tanks should be the nerve centre, not the opener. Why? Advantages of being in a think tank would be to have a neutral role. Think tanks have an opportunity to be independent: play this neutral convening role, bring people together, and have consulting policies

How to educate transformative leaders?

Having ethical and transformative leaders is certainly a genuine mission and part of our dream.
