A challenge we want to support; (ECDPM Workplan- 2024-2025)

Africa and Europe cooperation on climate action and green transition

- This project contributes to the mutually beneficial cooperation between Africa and Europe by providing advice on how to achieve a more equitable climate and green transition agenda in an environment of geo-economic fragmentation and continued tensions.
- We will work together with public and private sector, think tanks and civil society organisations in the case study countries, including South Africa, Mozambique, Morocco, Kenya, Malawi, Bangladesh and Vietnam.
